# MEET PRODYNA WORKADEMY

PRODYNA is an innovative IT consultancy company specialized on the topic of digital business and digital business transformation. We develop custom software applications and systems for our customers.

PRODYNA Workademy offers an opportunity for you to work and grow like a professional by participating in a combination of practices, lectures, and project development while being mentored by our Senior IT Consultants and Architects. Most importantly, you will have the chance to work with different technologies and frameworks, while being engaged in a real project, real team, from start to finish, and much more.
